RCSC member fights for right to speak

by Anne Randall Stewart, Spokesperson for The Sun City Formula Registry, Publisher of anne@annereport.com

Because of my work with The Sun City Formula Registry, the RCSC has an ax to grind to shut me up. The board wrote Board Policy No. 29 (The Kangaroo Court), which gives them the power to act as judge, jury, and executioner to permanently remove RCSC membership.

As a result, although I have always paid my annual assessments and am currently a member in good standing, able to attend meetings and use the facilities, I am not doing so. I justifiably believe the regime in power will easily and successfully carry out their threat to permanently bar me, taking away my property rights to vote, circulate petitions, and bring legal action..

These rights are more important to me than swimming, bowling, and playing golf, to say the least. Whether the board likes it or not, soldiers have fought and died for my freedom of speech, and I won't let those patriots down.

If you have read the negative letters and vents about me written by RCSC board members and their supporters, you may be interested to read my detailed account of what they've done to me. See my article entitled "RCSC framing of Anne Stewart chronicled" which appears under the "Opinions" link on <http://www.annereport.com>.

In closing, if you have also been mistreated by the RCSC, please consider joining or donating to The Sun City Formula Registry. Our mission is to restore RCSC member power and provide honest board oversight to secure our retirement dream come true. Call 623-933-6192 or email anne@annereport.com for more details.

And for those who are already SCFR members, and have donated or signed SCFR petitions, I thank you from the bottom of my heart for your continued loyalty and support. No matter what the RCSC board does or says, we are here to stay, keeping Sun City informed.
