Re: Request for Review of Corporate Records

Dear Noel:

The Board of Directors has reviewed your submitted Form BP3 requesting corporate records, specifically "alphabetized list of names and addresses of voting members as of July 1, 2009" for the reason that you need to "derive 10% number required on a petition to call an election, and 2) to validate signatures on a petition ...".

The total number of eligible voting members as of July 1, 2009 is 35,802. Your request for the names and addresses of the voting members is denied for the reason that information is confidential. Validation of valid members on a petition is done by the Board Secretary, not by the circulator of the petition; therefore, your need to have specific names and addresses is unnecessary. The CD you provided is enclosed.

The Board of Directors has also reviewed the Request for Petition submitted by you and Anne Randall Stewart. The Board cannot validate your proposed language change to the RCSC Articles of Incorporation for the reason that it is improperly prepared. RCSC, Inc. is not subject to Arizona state statute Title 33, Chapter 16. The Articles also cannot subject individual board directors to contempt of court proceedings. A copy of this letter is being sent to Anne Randall Stewart as well since she is listed as the second circulator.

If you have any questions, please do not hesitate to let us know.

Sincerely,

Diane Worth, Board Secretary
