It's time for a "Brown out," Sun City residents

by Anne Randall Stewart

Spokesperson for The Sun City Formula Registry

Publisher of <http://www.annereport.com>

623-933-6192 and 602-318-0708

Craig Brown, a current Recreation Center of Sun City board member, is running for re-election. And this is the time for the members to send a message: Give us back our membership meetings!

Craig Brown has been a leader in closing legal committee meetings. He was responsible for changing the membership meeting quorum from 100 to 1,250, even though state statute forbids a board from raising membership meeting quorums.

His response to the members circulating a petition drive was to shorten the time limit from six months to three and to not allow petition circulation on RCSC property.

It's time for a "Brown out".

It is not for the benefit of the members to have closed meetings or board members to get more money to fund their personal pet projects.

Send the message by voting for Cordell Angier, Dan Hill, Larry Klein and Carol Martinez.

We are The Sun City Formula Registry, "the action of the Members." See <http://www.annereport.com>.

Find out about what has been happening under your noses while you are playing and letting other people get their hands on your money.

Remember, they can spend unlimited amounts and assess you whatever they want and can foreclose on you if you don't pay.

Also, remember that foreclosure is helping the RCSC because the banks are required to pay the \$3,000 Preservation and Improvement Fund.

The RCSC has a motivation to spend (closed bids) and foreclose. They do not have a motivation to control spending and assessing at all.

And with their bylaw writing power they have removed the members' power to stop them. Send a message you want your power back!

Send the message loud and clear: "Brown out".

And vote only by absentee ballot or in person on Election Day, Tuesday, Dec. 14th at Fairway, Lakeview, and Bell Rec Centers.
