More clubs will follow band

Anne Randall Stewart, Spokesperson for The Sun City Formula Registry, "The Action of the Members", 10526 W Tropicana Cir, Sun City, AZ 85351-2218, (623) 933-6192, (602) 318-0708 cell, anne@annereport.com, <http://www.annereport.com>

The Recreation Centers of Sun City Board of Directors wrote a rule recently that disregarded the repeated objections of the members and, as a result, Sun City has lost a 50-year-old music club, with more to follow.

This board's bullying is ruining Sun City. Notice how many members jumped ship on the Committee on Clubs. There are a lot of vacancies on it.

Fortunately, the Pops Band is still entertaining people for free, only not in Sun City:

- 3/26, 7 P.M., Sunflower RV Resort, Surprise
- 4/19, 7 P.M., Westbrook Village, Peoria
- 4/23, 3 P.M., Palm Ridge Rec Center, Sun City West

Mark your calendars and support the formerly "Sun City" Pops Band!

That band is made up of Sun Citizens who pay RCSC mandatory assessments, yet have been charged extra for using facilities that are already paid for in full using those very same mandatory assessments. These members have been ripped off by people running things here who are trying to turn Sun City into a for-profit business. Sun City is the loser because of it. The clubs create a sense of community; fancy high-priced buildings,

that the members can ill afford, don't. Ask Del Webb. That sentiment is expressed on the Del Webb monument at Bell Recreation Center.

Also, keep up with our lawsuit at <http://annereport.com/lawsuit.html>. We have many causes of action, one of which is about paying extra for facilities that are already paid for with our mandatory assessments. We need your support to carry the lawsuit through to Appeals Court, if necessary. [\[ARS note: Absolutely cannot do it without your financial aid. \(Donations *not* tax deductible.\)\]](#)

I look forward to meeting like-minded members, individually, as I canvas the districts personally to inform them about the details of the lawsuit. It makes me feel warm all over to find that I am not alone; that there are members who also recognize the dangers of runaway RCSC spending and assessments that threaten our retirement security. Their encouragement makes me stay dedicated and focused on the extremely hard mission of getting back membership power and, once and for all, compelling the RCSC board and management to obey state statutes and our community documents.
